		ID:	17
		SVI:	1 (\$4,000,000)
		Budget:	\$425,000.00
Location	Dudley Park		

### Short Description:

Updates to Dudley Park: Replace aging and broken playground equipment

### Long Description:

The Dudley Park playground on the 1200 block of 3rd Avenue South needs a new playground to enhance the property and the park. There is a Head Start Center adjacent to the property as well as Safe Haven, a women's and shelter, and that would benefit the children at the shelter and center as well as the neighborhood. It would overall make a nice place for a new playground as the park has a walking trail and large grass area. The current playground has broken equipment and is not safe for youth to play on. JC Napier and Sudekum Communities are within walking distance of this new playground and would also benefit from the new Dudley playground. Parents could utilize the walking path while youth play on the playground. This new playground will benefit and unite multiple communities.

### Metro Comments

- Replace swings and play structure at Dudley Park with a 2-12 play structure and new swings.

*This project page has been curated by a budget delegate, drawing inspiration from ideas submitted by Nashville residents until June 20, 2023. It has been shaped with initial input regarding scope and budget from a Metro department. While Metro is committed to adhering to the specified scope, adjustments or even the potential elimination of certain aspects may become necessary during implementation, influenced by site-specific or unforeseen conditions. Furthermore, the projects' funding source is from the American Rescue Plan Act (ARPA), which current guidelines require all ARPA-funded projects be completed by December 2026. Should any project be delayed or expected to be delayed beyond this deadline, it shall be subject to elimination. The implementation timeline will be rigorously monitored to ensure compliance with this crucial requirement. Any prospective alterations to the project will be subjected to rigorous scrutiny and resolution by the steering committee during their regularly scheduled meetings.*
